POSTAGE STAMPS OF A DENOMINATION HIGHER THAN TWO CENTS NOT RECEIVED ON SUBSCRIPTIONS.

REPRINTS are issued weekly. The subscription price is \$1.50 a year in advance. There are four ways by which money can be sent by mail at our risk:—1. A Post Office Money Order; 2. A Bank Check or Draft; or an Express Money Order; and 3. A Registered Letter. 4. A Money Order. If you can buy a Money Order at your Post Office, please do so. If you cannot, we will be responsible for its safe arrival. Express Money Orders can be obtained at any office of the American Express Co., the United States Express Co., and the Wells, Fargo and Co.'s Express Company. We will be responsible for the safe delivery of these orders. The Express Money Order is a safe and convenient way for forwarding money.

REGISTERED LETTERS.—If a Money Order Post Office or an Express Office is not within your reach, your Postmaster will register the letter with you to send us on payment of ten cents. Then, if the letter is lost or stolen, it can be traced. You can send money in this manner at our risk.

WE cannot be responsible for money sent in letters in any other way than one of the four ways mentioned above. If you send your money in any other way, you must do it at your own risk.

RENEWALS, etc.—If you do not want the **PLANET** continued for another year after your year expires, you must notify us by Post Office or by mail. The notice should be received at least one month before the expiration of the year. If you do not notify us, we will assume that you wish to continue the subscription at the same rate. If you wish to change the address of a subscriber we must be sent the former as well as the present address.

Entered in the Post-Office at Richmond, Va., as second class matter.

THE RECORDER is again meddling in the affairs of other people in other districts while failing to attend to its own district.

The editor of this journal needs none of its advice and cares less for its opinions. We have never attempted to dictate to the people of the Second District as to what course they should pursue, and have never proven ourselves insubordinate enough or as disloyal as to advocate the utter defiance of the mandate of the National Republican Committee by refusing to support the nominee which it had endorsed as the RECORDER is now doing.

It should remember that "no man is so big that he can afford to put himself in the way of success of a great party like the Republican party."

We are at a loss to understand how our white friends can fail to see the injustice of providing a reformatory for white boys and none for the colored ones. The state pays for the maintenance of the institution and yet a portion of the people of the State are barred.

Is this just? Is it fair? We need an institution for the reformation of our wayward boys, and the sooner an effort is put on foot to secure this institution, the better for the state of which we constitute a part.

THERE is no position in this district outside of the postmastership and the collectorship of internal revenue which is not under the civil-service law.

Absolutely everything is walled in except the position held by the collector of internal revenue which is not under the civil-service law. Absolutely everything is walled in except the position held by the collector of internal revenue which is not under the civil-service law.

THE news that Gov. O'FERRALL would oppose WILLIAM J. BRYAN, the popular-democratic nominee has been getting to the ears of his readers by the Richmond Dispatch.

This is very painful information, since that journal seems to have been heretofore very careful of the feelings of our Chief Executive.

There is one characteristic of Gov. O'FERRALL, he has opinions of his own and dare to express them.

His leader, rather than to be led and in every question presented to the country, he is outspoken and emphatic in expressing his views when called upon to do so.

His course means a loss of thousands of votes to the BRYAN and SEWELL ticket.

THE LUNENBURG PRISONERS.

The Lunenburg case has occupied the attention of the public and the courts for more than a year.

The last chapter is about to be enacted and it is now apparent to even the people of that county that they were about to commit one of the most heinous crimes ever chronicled in modern annals.

They were foremost in consummating an outrage, which would have been a disgrace to the commonwealth. It was the people of other communities which prevented the outrage.

As it is, MARY BARNES has been serving a term in the penitentiary for more than twelve months. She has waited patiently for that vindication before the law which she believes must come to her.

POKEY BARNES' experience has been too graphically told to need a further recital here.

MARY ABERNATHY has been twice under sentence of death, and as she has and again told it, so worried that she could not sleep.

What atonement can be made to them for this cruel treatment? It is a sad commentary upon our institutions and our laws.

They have had a hard time of it, and during the years which will come to them, vivid indeed will be the recollections of the past, and painful the remembrances of the ordeals to which they have from time to time been subjected.

There has been no more striking examples of the horrors and mistakes of "Judge Lynch" than is shown in these cases.

Twice convicted, and once within two days of the time of execution is an experience never to be forgotten.

Through God's mercy, the aid of the people and the total support of the globe, they are in the land of the living, praising Him who made us all and thanking those who were humble instruments in his hands.

Editor Taliaferro's Compliments.

(Philadelphia, Pa. CHRISTIAN BANNER)

Editor John Mitchell, Jr., of the Richmond Planet, deserves much praise for his noble efforts in the Lunenburg murder case. If he keeps on he will be called John, The Great. Take our hand Brother Mitchell.

A. E. WALKER, Agent.

THE JOHNSON AMERICAN announces that Hon. JOHN M. LANGSTON has been appointed a member of the Advisory Committee of the National Republican Committee. This is gratifying news and Mr. LANGSTON will have an opportunity of being of service not only to his party, but to the people who have so loyally stood by the organization.

THE appointment of Rev. ERNEST LYON, D. D., as advisory committee member by Hon. M. A. HANNA has given more general satisfaction to our people than any other act of this distinguished gentleman.

Rev. LYON seems to have understood the situation and is exerting his influence in the interest of those whom he represents by showing them and the Republican managers the best way the services of the American citizen of African descent can be utilized.

These are, in brief, some of the reasons why the silver dollar today passes equal and current with the gold coin, and why the silver dollar will sink to its own intrinsic value if our mints are opened to the free and unlimited coinage of silver.

A tricky dollar never yet made any nation prosperous nor added anything to the real wealth of its people. "An honest man is the noblest work of God," and an honest dollar is the noblest money can coin or use.
